AUDROIN KILIAN

WEB DEVELOPER

I am currently changing careers and have been passionate about web development for the past two years. I started as a self-taught freelance developer and have built both personal and professional projects, mainly using PHP with Symfony, C# with .NET, and Angular.

EXPERIENCES :

WEB DEVELOPER FREELANCE

since 2023

- **Website for Sven B.** From scratch **.NET API** and **Angular**. Landing page with inscription form and Stripe payment.
- **Optimisation for Antibug Solutions.** On an existing **PHP Symfony** project. Fixing 300+ n+1 request SQL speeding the loading from 10+sec to 300ms. And adding filters to view.
- **Personal portfolio.** Own website with **Angular, SCSS, TS**.
- **Personal cooldowns tracker.**Community website to track data with **Symfony 7**, SQLite, Riot API.
- **Personal draft game.** Turn by trun draft selection game, with webhooks 100% **Typescript.**

PROJECT MANAGER / COACH

2022-2023

- **Solary :** Managed a professional esports team competing in the French league under the Solary banner.

PROJECT MANAGER / SUPERVISOR

2019-2022

- **Partnership with LDLC Group and Tony Parker Adequat Academy (TPAA) :** Managed an esports-education program supporting high school students in competitive gaming while completing their studies for the French Baccalaureate. Also oversaw a professional team in partnership with Olympique Lyonnais (OL).

EDUCATION :

WEB DEVELOPER DEGREE

2026 | Open Classrooms

I am currently enrolled in a web development training program leading to an RNCP-certified qualification, equivalent to an associate degree

QUALITY & LOGISTIC DEGREE

2014 | University of Côte d'Azur

FRENCH HIGH SCHOOL DIPLOMA – SCIENTIFIC STREAM

2011| Mont-Saint-Jean Institute
